

March 2021

Dear Campers, Coaches, and Supporters,

As in-person events continue to be affected by the pandemic, the Band at the Beach Board would like to continue our mission of "Keeping Music in Schools." However, the safety of our students and coaches is the single most important concern as we consider moving forward. The Board is committed to our relationship with Point Loma Nazarene University in providing a safe and healthy environment for all to learn and grow. Currently, we have not reached an agreement with the University and due to the time required to prepare for and execute our camp, the Board has decided to cancel plans for a July 2021 in person camp.

In lieu of an in-person camp experience this summer, The Band at the Beach Board hopes to plan a virtual experience in which we can achieve our goal of supporting music in schools. Details are still being discussed and options are still being considered for different possible scenarios as we attempt to pivot to an experience that will be safest and musically enriching for all involved. More details will be announced as they become available. If you have any input on types of activities you would like to see the board facilitate, please feel free to reach out to us with suggestions at bandatthebeach@gmail.com. We are also seeking volunteers to serve in various capacities with board operations and logistics. If you are interested, please contact us!

Thank you for your patience and continued support. The board wishes everyone a safe return to in person learning this spring! We are hopeful that the situation will be much safer and more conducive to in-person camp experiences next summer. Thank you!

Musically,

The Band at the Beach Board
